MEETING ROOM DEVICES
POWERED BY AI

RXV200

Android Intelligent AV Hub

Cost-effective Android compute unit powered by advanced Qualcomm AI chipset. Orchestrates multiple room devices to deliver an excellent hybrid meeting experience.

RX-PAD

Meeting Room Controller

The intelligent heart of the meeting room. An intuitive touch controller with an ergonomic and easily accessible design. Enables centralized control of all room devices and supports AudioCodes' unique content sharing capabilities.

RXVCam70

Dual-lens PTZ Video Camera

Powerful dual lens PTZ video camera with AI-enhanced framing and superb image clarity. Designed for medium-large sized meeting spaces.

RXVCam360

360° Center-First Camera

360° center-of-room conference camera with AI-powered framing options. Complete with built-in microphone and speaker system, it is designed to elevate collaboration in small rooms and huddle spaces.

RXV81

Collaboration Bar

An Android 12 collaboration bar with excellent audio and video performance for the ultimate hybrid experience in small meeting spaces.

RX-PANEL

Meeting Room Scheduler

A purpose-built Android, touchscreen room scheduler for Microsoft Teams Rooms with a LED indicator allowing participants to quickly see the meeting room's availability.

RXV100Hub

Room Experience Hub

A center-of-room Windows-based Teams Rooms solution with superb video and audio quality for a complete Microsoft Teams experience even in traditional conference rooms.
